## **IMPORTANT GUIDELINES: PLEASE READ CAREFULLY**

The ponds eligible for adoption are only those that are owned or leased by the Village of Vernon Hills as indicated on the map. Therefore, all Park District maintained ponds are excluded. The adoption period is for one season only, and will not renew automatically. The ponds will be chosen based on the order in which the applications are received and the amount of funds that remain available to treat them. When the funds are gone they are gone. Once a completed application is submitted to the Village, the Village will provide the applicant with a quote provided by a reputable contractor. Note: The Village will share in providing 50% of the funds required to treat each pond. When a Village staff member contacts the individual listed on the application as the 'primary contact person' that person will have a maximum of two (2) weeks to submit full payment in the form of cash or one (1) check to the Vernon Hills Public Works Department for 50% of the contractor's quote. If your party fails to submit payment to the Village within two weeks of being contacted, the application will not be honored and the next application will be considered and processed in its place. Additionally, it is the responsibility of the individual or group of homeowner(s) wanting to share in the adoption of a particular pond to collect monies from all participating households.

For questions, please contact David Brown, Director of Public Works/Village Engineer, at 847-918-3544 or [DaveB@vhills.org](mailto:DaveB@vhills.org)
